PROFESSIONAL SUMMARY

Results-driven Project Manager with hands-on experience in leading software and health-tech projects from planning to deployment. Skilled in Agile/Scrum methodologies, requirement gathering, cross-functional team coordination, and stakeholder communication. Proven ability to manage multiple projects simultaneously, ensure timely delivery, and improve development workflows using tools like Jira and ClickUp.

TECHNICAL SKILLS

- Project Management (Agile / Scrum)
- Risk & Task Management
- Proposal & Documentation Writing
- Client Communication & Requirement Gathering
- Team Coordination & Leadership
- Workflow Planning & Execution
- Software Requirements Specification (SRS)
- Jira & ClickUp Administration
- Quality Assurance Coordination

TOOLS & TECHNOLOGIES

- Jira
- Microsoft Office
- ClickUp
- Google Workspace
- Discord
- Figma
- Microsoft Teams
- Stitch AI
- GitHub
- Perplexity AI

KEY ACHIEVEMENTS

- Successfully delivered multiple projects within deadlines through effective project planning and team coordination.
- Led teams to maintain high product quality using structured QA and performance management processes.
- Managed client expectations and project requirements to ensure smooth execution and successful delivery

PROFESSIONAL EXPERIENCE

Maxcore Technologies

June 2025 - Present

Project Manager

- Lead multiple software projects ensuring timely delivery within defined scope and resources
- Manage cross-functional teams using Jira and ClickUp for task tracking and sprint planning
- Coordinate with clients to gather requirements, clarify scope, and provide regular updates
- Monitor project progress and ensure smooth execution across development cycles
- Improve workflow efficiency and support delivery quality through structured planning

Fitwell Hub

Aug 2024 - May 2025

Project Coordinator

Jan2025 – May 2025

- Managed and coordinated software and health-tech projects by aligning cross-functional teams, timelines, and project deliverables.
- Facilitated agile workflows, tracked project progress, and ensured smooth communication between stakeholders and development teams.
- Supported sprint planning, task management, risk tracking, and project documentation to maintain operational efficiency.
- Focused on delivering projects on time while maintaining quality standards and business objectives

QA Officer

Aug 2024 – Dec 2024

- Performed comprehensive manual testing for health-tech web platforms, dashboards, and digital solutions to ensure product quality and reliability.
- Executed functional, regression, structural, and User Acceptance Testing (UAT) across multiple modules before production releases.
- Designed detailed test cases, identified bugs, and collaborated closely with developers to resolve issues and improve system performance

QA Skills: Manual Testing | Structural Testing | Functional Testing | Test Case Design | UAT

PROJECTS

Darpatente Website

- Oversaw project operations and ensured timely completion of the Darpatente platform.
- Managed coordination between development and QA teams throughout the project lifecycle.
- Monitored testing, functionality, and overall platform performance for smooth delivery..

(<https://www.darpatente.com/>)
